Mr. Superintendent,

Dear Sir:

Could you inform the inquirer where she may obtain a gold coin in U. S. money the value of which is three dollars and ~~a~~ placed in circulation in 1874. I possessed a piece of U. S. money of above description (U. S.) and the same was used as a graduating badge and now had the misfortune to lose it hence my anxiousness to obtain another. If I can get one shall not refuse it should it not have been coined in 1874 although one of that date is much desired. I shall much appreciate any information or aid given that I may possess the want and am willing to pay you for any trouble it may cause you in getting the piece of money or relating me where I can get it. Have had jewelers try but in vain for me. Now as am perfectly will to send whatever you demand in obtaining
